LSU | College of Engineering

LSU COLLEGE OF ENGINEERING GRADUATION CONTRACT

NAME:	UID:

To initiate the senior checkout process, carefully review this contract along with your academic progress report in Workday Student; complete the signature section at the end of this form; and using your LSU email account, return the form to your faculty advisor if completing this process virtually/by email.

The faculty advisor will fill out this contract. The only portion of it that you are to complete is the signature block. Additionally, you should not make any changes to this form. Only the faculty advisor or an Engineering Student Services counselor may edit this form. If you have questions or concerns, consult with your faculty advisor prior to signing the form.

DEGREE INFORMATION

Anticipated Grad Date	Major	Concentration	Minor	Minor	Minor

Be sure to list all program information (i.e., major, concentration, minor) above.

Note: Students completing multiple majors/degrees in the same semester will complete separate senior checkouts for each major/degree with the corresponding department/senior college.

GPA REQUIREMENT

To meet graduation requirements, students must have a 2.00 average on all work taken at this university as well as a 2.00 average on their *entire* college record. This applies to both cumulative and major GPAs. Additionally, a 2.00 GPA is the minimum required on all work taken in any minor field, and some minors have higher GPA requirements. Consult your ENGR counselor with any questions.

If any of these GPAs are below the minimum required at the conclusion of the current semester, you may need additional credit hours beyond those shown in this contract to meet the GPA requirement. Students with GPAs near or below the requirement for graduation bear the responsibility of consulting with their counselor for confirmation of academic standing and remaining requirements.

COURSE SUBSTITUTIONS (For use by faculty advisors and Engineering Student Services)

Please enter the following course substitutions on the student's academic progress report:

Requirement	Hours	Substituted Course(s)

REMAINING COURSEWORK

Based upon the attached degree audit, the summary of remaining courses shown below assumes the successful completion of all courses in progress at the time the audit was printed. Any changes to your schedule after that point may result in a new anticipated date of graduation.

Hours	Requirement	C Grade[1]	MJ/MN[2]	Comment
MAJOR:				
MINOR:				

[1] "Y" signifies a grade of C- or higher is required. If the course is being used to resolve GPA deficiencies, meeting this minimum grade requirement will be insufficient, and a higher grade will be needed.
[2] "*" may be used to indicate shared course options between major and minor requirements.

	= Total Hours Remaining (for major and any minors)

ADDITIONAL ADVISOR COMMENTS

FACULTY ADVISOR'S NAME:		**DATE:**	

STUDENT RESPONSIBILITY AND SIGNATURE

As noted in the LSU General Catalog, students are responsible for completing all requirements established for their degrees by the university, college, and department. **"It is the student's responsibility to learn these requirements; a student's advisor or counselor will not assume that responsibility."**

By inserting my name into the text box below, I am certifying the following:

- It is my responsibility to verify that I have satisfied the prerequisites for all classes listed in the summary of remaining courses. If there are prerequisites that I have yet to meet, I will need to change my anticipated date of graduation.
- I have read, understand, and agree to the conditions set forth above..

STUDENT'S NAME:		**DATE:**	

Enter your name in the box above and return it to your faculty advisor according to their instructions. <u>If completing this process by email, you must return the contract through your LSU email account for your signature to be accepted</u>.

Your faculty advisor will forward this contract to Engineering Student Services for a counselor to review. You will receive an email notification from that office once the checkout process is complete. Please note that the review by Engineering Student Services may take up to two weeks depending on the volume of checkouts submitted at one time.

Upon receipt of your senior checkout, please review it carefully for any adjustments made by the counselor, including the section below, which is intended to alert you to GPAs that are currently below the requirement for graduation.

To be completed by College of Engineering counselor:
